Call for Abstracts

ISACM encourages submission of abstracts describing new clinical MEG research. Abstracts will be evaluated on the basis of scientific merit by peer review. A poster session at the annual meeting will allow presenters an opportunity to discuss their findings with international peers and colleagues.

Deadline for Receipt of Abstracts: Submissions must be received electronically (by email) and no later than 11:59 P.M. (EST) on **Friday, September 2, 2011**, to be considered for inclusion in the program. Please review the submission instructions carefully. All presenters will be expected to register (and pay) to attend the meeting. Notification of acceptance or rejection of abstracts will be e-mailed to the designated corresponding author in late September 2011.

Submit your abstracts for the Poster Award! – Be sure to submit your abstracts so you can be eligible for a \$500 ISACM Poster Award.
